

Revised FOIA Request - 2804 and 2828 Prairie Lakes Drive

Michelle Falesch to: Group R5Foia

03/28/2014 09:35 AM

My apologies. I submitted incorrect addresses for the request sent prior.
The correct addresses are as follows:

2804 and 2828 Prairie Lakes Drive, Sun Prairie, WI 53590.

Subject: FOIA Request - 2804 and 2828 Prairie Lakes Drive

Good morning,

ENERCON Services is conducting a Phase I Environmental Site Assessment at two (2) retail buildings at the intersection of Grand Avenue and Prairie Lakes Drive in Sun Lakes, WI. There are several retail buildings under development in the complex, but we are only searching for information on addresses 2804 and 2828 Prairie Lakes Drive, Sun Lakes, WI 60608 ("Subject Properties"), and we requesting under Freedom of Information Act (FOIA) information related environmental assessment, characterization, investigation or remediation, emergency response, or other environmental corrective actions that the Wisconsin Environment Protection Agency (WEPA) may have on file for the Subject Property.

Specifically, we are requesting the following as pertains to Subject Property:

-Underground storage tank (UST) installs, removals, leaking incidents and/or closures with WEPA;

-Subsurface soil and/or groundwater investigations and/or remediation associated with enrollment in the Voluntary Remediation Program (VRP) or Leaking UST (LUST);

-Emergency response actions at the Subject Property to address chemical spills or other hazardous waste incidents; and,

-On-going groundwater monitoring and/or corrective actions being implemented and associated reporting the Subject Property is under obligation to WEPA.

Thank you in advance for your time.

-Michelle
